SPR-5-DFC

Digital Hydraulic Rivet Gun

Features

- Digital Display Screen
- Fast Work Cycles
- High-Capacity 18V DC Battery
- Meets OEM Specifications*
- Precise Pressure Adjustments
- Produces Up to 80kN of Force
- Quick Arm Change
- Super Quiet Operation
- Rapid Battery Charging

Applications

- Self Piercing Rivets (SPR)
- Solid Rivets
- Rivet Removal
- Flow Form
- Calibrating Punch
- Flattening
- Pin & Collar

Always repair vehicles according to OEM guidelines.

About the SPR-5-DFC

SPR-220 (Optional)

SPR-130 (Optional)

SPR-40

Carrying Case Included

LCD Display
Choose from 9 factory presets.

High Pressure Cylinder

The high pressure hydraulic cylinder gives you a maximum working pressure of 80KN.

Standard Arm
3 arm sizes available.

Quick Connector
Allows quick arm changes.

Double Function Trigger
The double acting trigger provides pressure release and piston retraction.

18V Rechargeable Battery
Long life 18V rechargeable battery ensures greater work time.

Specifications

Output Force	1-80KN digital display adjustable
Pressure Accuracy	±1~2%
Work Stroke	40mm
Work Cycle	3-5 seconds
Motor Voltage	18V DC
Battery	DC 18V 4AH lithium battery
Charger	AC 100V-240V 50-60Hz
Charging Time	Approximately 1 hour
Work Temperatures	14°F-104°F
Work Time From Full Charge	130~350 times (varies according to riveting type)
Noise	75db

Included Items

SPR-5-DFC
SPR-40 Arm
Dies and toolbox
Battery Charger
(2) 18V Rechargeable Batteries
Allen Wrench
Case
Strap

Post-style dies for longevity and ease-of-use.
